

## CARE & MAINTENANCE GUIDE

### DIZAL PRODUCTS

Dizal products will never require painting, caulking or refinishing of any sort. But stains and dirt may still happen. Here is how to care for your Dizal products and keep the beauty of your product.

#### YOU SHOULD

- Clean dust and dirt at least once a year
- When necessary, use mild soap and water
- Use a soft cloth or cloth
- Use soft nylon bristle brush only when stain requires it and very lightly
- Use the garden hose

#### YOU SHOULD NOT

- Use solvents of any kind
- Pressure wash Dizal products
- Use abrasive cleaning products
- Use metal brush or steel wool
- Use bleaches
