

DIZAL<sup>®</sup>

DIGITAL PRINTING

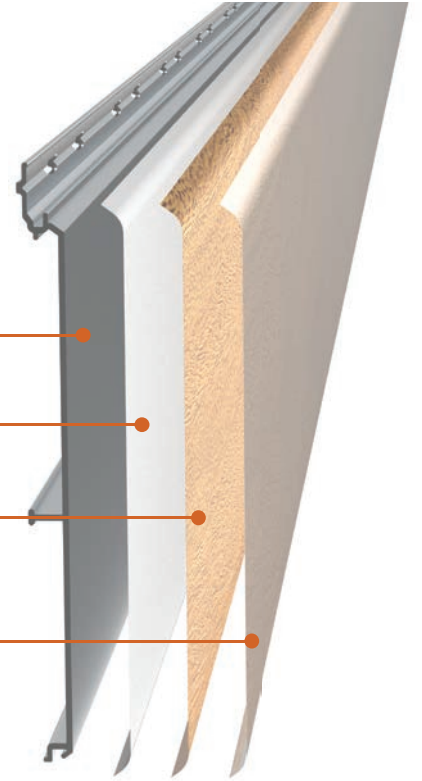

ALUMINUM SAMPLES  
TEXTURES & COLORS

# DIZAL<sup>®</sup>

## EXCLUSIVE PRINTING PROCESS

All textures are printed using a minimum of 9 scanned images of various wood planks.

Our exclusive digital printing process offers stunning images of different planks in order to avoid repetition.

### ALUMINUM

All DIZAL products are made of heavy-duty extruded aluminum

### PRIMER COAT

Specially formulated primer coat assures optimal adhesion

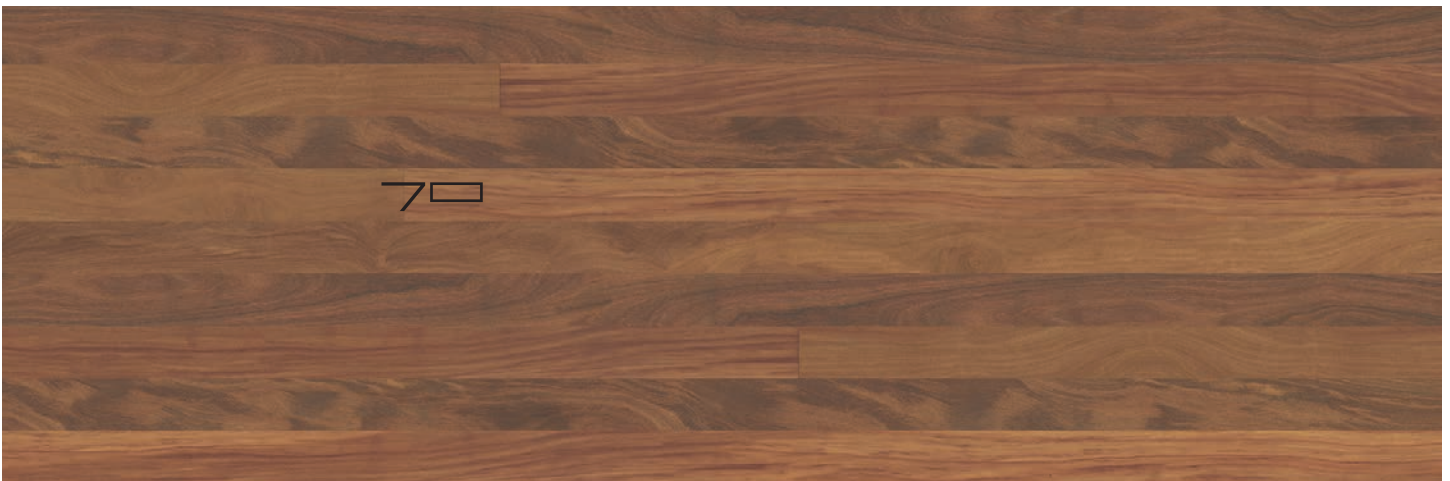

### HD INKJET PRINTING

High-definition digital inkjet printing of a wide range of textures with outstanding color variations

### Z-CLEAR™

Protective clear coat to provide long-term protection against fading

## SAMPLE THUMBNAIL OVERVIEW

Above, a random assembly of 9 different, 16 foot long planks, of 101-01 CUMARU - Variegated light.

A selection of our favorite textures & colors aluminum samples is available and ready to order. Please consult this guide to make your selection.

For any custom color request, please contact our customer service [info@dizal.com](mailto:info@dizal.com)
