MAIBEC ALUMINUM EXCLUSIVE PRINTING PROCESS

All styles are printed using a minimum of 9 scanned images of various wood planks. Our exclusive digital printing process offers stunning images of different planks in order to avoid repetition.

ALUMINUM

All MAIBEC products are made of heavy-duty extruded aluminum, recognized in the industry as the first choice due to its exceptional durability.

AAMA 2604 CERTIFIED PRIMER

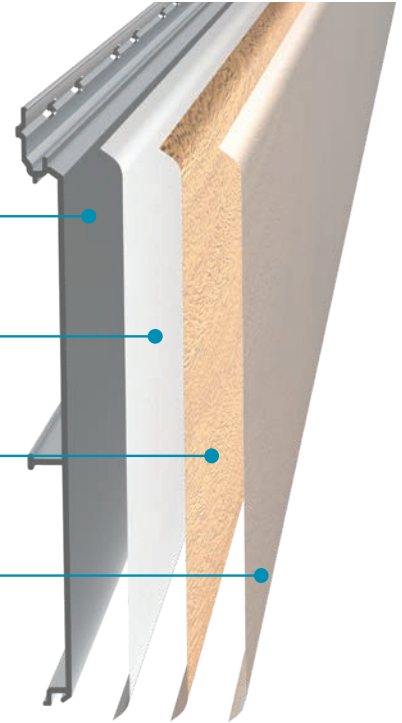

A white primer coat is applied to ensure adhesion between aluminum and ink, all in accordance with ASTM D3359 and AAMA 2604.

HD INKJET PRINTING

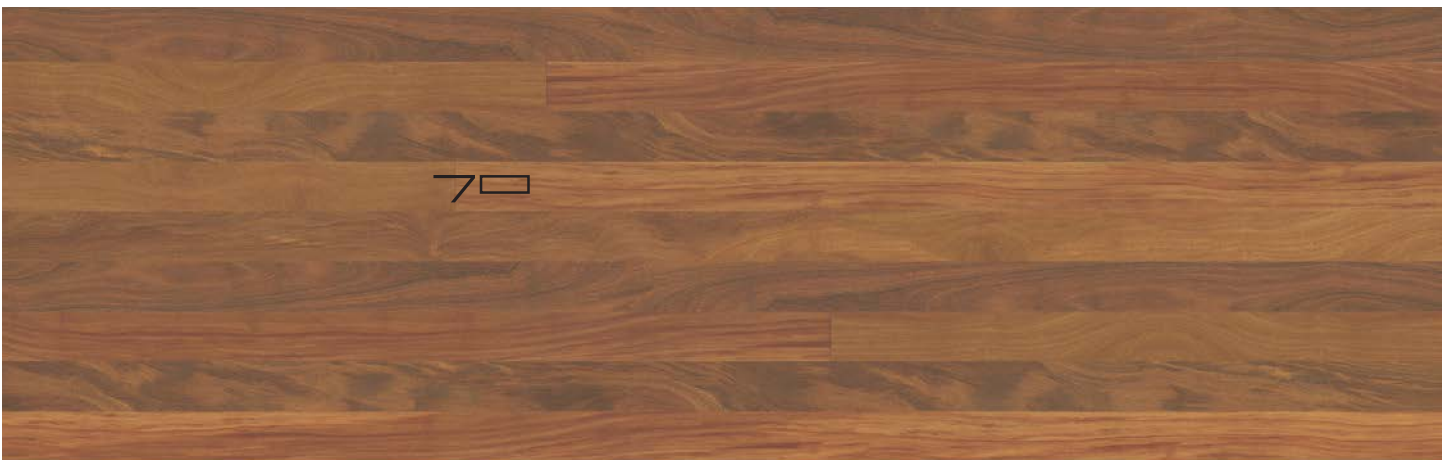

High-definition digital inkjet prints of a wide range of textures with outstanding color variations.

CLEAR COAT

A protective clear coat is applied to provide long-term protection against fading.

SAMPLE THUMBNAIL OVERVIEW

Above, a random assembly of 9 different, 16 foot long planks, of 101-01 CUMARU - Variegated light.

A selection of our favorite styles & colors aluminum samples is available and ready to order. Please consult this guide to make your selection.

For any custom color request, please contact our customer service infomcip@maibec.com
